In early 2009, the resort completed major room renovations to this popular dive resort. Guestroom upgrades include new furnishings inspired by tropical colors and textures, Caribbean themed artwork, newly decorated bathrooms, fixtures and flooring. These new surroundings have captured the warmth and beauty of Little Cayman.

We have a total of 40 air-conditioned, spacious rooms situated in two-story 'palm-tree height' buildings and surrounded by lush tropical foliage.

28 Poolview Rooms encircle the pool and lush, tropical courtyard and feature:

- Flat screen television and alarm clock
- Refrigerator
- Coffee-maker complete with Wolfgang Puck brand coffee
- Beverage center
- Private bathroom with shower
- Hairdryer and deluxe bath amenity package
